

gk\_mcoreDestroy

```
graph LR; A[gk_mcoreDestroy] --> B[gk_free]
```

A diagram showing a call from the function `gk_mcoreDestroy` to the function `gk_free`. The `gk_mcoreDestroy` box is shaded gray, and the `gk_free` box is white. A blue arrow points from the right side of the `gk_mcoreDestroy` box to the left side of the `gk_free` box.

gk\_free
